The Industry's First Program Focused on
Compliance and Cybersecurity Mandates

“ **Global perspective, extensive coverage** of cyber mandates. **Excellent updates** on key security regulations. ”

What's in it for you?

- ❖ Step through industry standards such as PCI DSS, GDPR, CCPA, CPRA, ISO 27001, and HIPAA
- ❖ Evaluate America's standard for compliance: NIST guidance and special publications
- ❖ Understand U.S. state government information security mandates (e.g. Texas, California, New York, and others)
- ❖ Explore best practices to build a credible compliance and cybersecurity program

Digital Badge

ecfirst also offers a Digital Badge with your certification. There is no fee for this service and acceptance is totally up to you.

An Executive Cybersecurity Program

“ **Comprehensive cybersecurity program.** Excellent coverage of the NIST Cybersecurity Framework, CMMC & more. **Relevant scenarios & policies covered**, including encryption & ransomware. ”

What's in it for you?

- ❖ Examine how to establish a cybersecurity program based on the NIST Cybersecurity Framework
- ❖ Learn how to establish a credible Ransomware Readiness Program based on NIST Standards
- ❖ Walk through core components, organization, and CMMC Levels
- ❖ Review encryption implementation across the enterprise to mitigate business risk
- ❖ Examine NIST guidance for AI Risk Management

Digital Badge

ecfirst also offers a Digital Badge with your certification. There is no fee for this service and acceptance is totally up to you.

Learned a lot
Global coverage of topics
Excellent CSCS Academy Portal
Content focus applicable across industries

References

Complex topic made understandable
Refresher for cyber regulations
Tons of valuable information
Very relevant content

“

Highly informative and relevant—one of the best training programs I've attended.

”

“

Excellent material, exceptional presentation, and awesome case studies.

”

“

Good information and materials to elevate our compliance program.

”

“

Covered important frameworks and laws in cybersecurity.

”

“

CSCS Course was invaluable for building our compliance and security program.

”

“

Instructor made a complex topic more understandable. Highly recommended.

”

“

I appreciated the examples and scenarios that brought the material to life.

”

“

The training provided clarity on complex cloud compliance issues.

”

I loved the training

Prepared me for exam

Privileged to participate

Excellent introduction to NIST

References

Clear concise and to the point

Well organized and informative

CMMC was well covered

Great course!

“

Very knowledgeable instructor, provided timely and relevant examples and resources.

”

“

Great overview of cloud security with real-world relevance.

”

“

A crash course covering cybersecurity assessment, NIST and more.

”

“

The training was point on for the core material.

”
