

Rules of the Tilt Referral Program

Last Updated: January 29, 2026

Tilt may offer incentives to a referrer and/or referee under these Referral Program Rules (“Rules”) for each completed referral. To participate in the program, the referrer must be an active Tilt subscriber, and the referee must be a first-time Tilt subscriber. The referrer must share their unique referral link with the referee in order for the referrer and/or referee to receive any offered incentive. A referee must complete the referral by using the referrer's unique referral link to sign up for a Tilt subscription, and must accept a Cash Advance within 30 days of sign up.

Incentives are offered at Tilt’s discretion and subject to change without notice. Any incentive amounts will be displayed to the referrer in the Tilt app. Referrer (and if applicable, referee) will earn the incentive as displayed in the referrer’s Tilt app at the time the referee completes the referral. Tilt will deposit incentive amounts earned by the referrer into the referrer’s Tilt account or External Bank Account and will deposit any incentive amount earned by the referee into the referee’s Tilt or External Bank Account within 2 business days after the referee completes the referral. Referees and referrers who cancel their Tilt subscriptions or whose subscriptions are deactivated due to nonpayment before the incentive is deposited will be disqualified from the program and will not receive the incentive. Tilt reserves the right to terminate this program at any time without notice, subject to applicable law. Tilt may modify these Rules at any time in Tilt’s discretion, and will notify users of the modification by posting the modified Rules on Tilt’s website. Tilt further reserves the right to terminate this program, modify various parts of this program, and/or refuse or recover any incentive payouts if Tilt determines in its sole discretion that any of Tilt’s [Terms of Service](#) have been violated by the referrer or referee.
