1.5. About Stellar

1.1. About Stellar Repair for SQLite

Stellar Repair for SQLite software is an easy to use application designed to repair corrupt or damaged SQLite database db, sqlite, db3 and sqlite3 files in a safe and non-destructive manner.

SQLite database files db, sqlite, db3 and sqlite3 can get damaged or corrupted due to a number of reasons such as virus attack, unexpected system shutdown, media read error and so on. **Stellar Repair for SQLite** uses powerful algorithms to perform thorough scan of db, sqlite, db3 and sqlite3 files so as to repair as much data as possible. The software never deletes or modifies original data and even heavily damaged files can be optimally repaired.

After repairing, **Stellar Repair for SQLite** provides preview of all the data in a tree structure. User can view the components of selected database and can save desired components.

The software also shows details of ongoing process in a **Log Report** pane. These details can be saved as a text file.

Key Features

- Repairs Tables, Views, Triggers and Indexes.
- Repairs Primary Keys and Unique Keys.
- Repairs Predefined defaults and default values.
- Option to repair deleted records.
- Option to find db, sqlite, db3 and sqlite3 files in the computer for scanning.
- Supports fast scanning algorithms.
- Shows preview of repairable database objects before saving.
- Find option to search items of database while previewing.
- Supports creation of separate log report after repairing database.
- Supports SQLite up to version 3.27.2.
- Compatible with Windows 10, Windows 8.1, Windows 8 and Windows 7.

1.2. About the Guide

This user guide contains sequential steps to assist you through various **Stellar Repair for SQLite** functions. Each function is explained in details, in the corresponding sections. The guide covers following major topics:

1. General Information
2. Getting Started
3. Working with the Software
4. Frequently Asked Questions (FAQ)

This guide has the following features for easy navigation and understanding:

- There are **Notes** and **Tips** in some topics of this guide for better understanding and ease of work. These **Notes** and **Tips** are given in *italics* style.

1.3. Stellar Support

Our Technical Support professionals will give solutions for all your queries related to Stellar products.

END USER LICENSE AGREEMENT

PLEASE READ THIS AGREEMENT CAREFULLY. BY DOWNLOADING, INSTALLING, COPYING, ACCESSING OR USING THIS SOFTWARE, ALL OR ANY PORTION OF THIS SOFTWARE, YOU (HEREINAFTER "CUSTOMER") ACCEPT ALL THE TERMS AND CONDITIONS OF THIS AGREEMENT WHICH WILL BIND YOU. THE TERMS OF THIS LICENSE INCLUDE, IN PARTICULAR, LIMITATIONS ON LIABILITY CLAUSE. IF YOU DO NOT AGREE TO THE TERMS OF THIS LICENSE, WE WILL NOT LICENSE THE SOFTWARE AND DOCUMENTATION TO YOU AND YOU MUST DISCONTINUE THE INSTALLATION PROCESS NOW, AND PROMPTLY RETURN THE SOFTWARE AND PROOF OF ENTITLEMENT TO THE PARTY FROM WHOM YOU ACQUIRED THE SOFTWARE.

1. DEFINITIONS.

1.1. "**Stellar**" means Stellar Information Technology Pvt. Ltd., having its registered office at 205, Skipper Corner, 88, Nehru Place, New Delhi, India 110019.

1.2. "**Compatible Computer**" means a Computer with the recommended operating system and hardware configuration as stated in the Documentation.

1.3. "**Computer**" means a virtual or physical device that accepts information in digital or similar form and manipulates it for a specific result based on a sequence of instructions, including without limitation desktop computers, laptops, tablets, mobile devices, telecommunication devices, Internet-connected devices, and hardware products capable of operating a wide variety of productivity, entertainment, or other software applications.

1.4. "**Customer**" means you and any legal entity that obtained the Software and on whose behalf it is used; for example, and as applicable, your employer.

1.5. "**Permitted Number**" means one (1) unless otherwise indicated under a valid license (e.g., volume license) granted by Stellar.

1.6. "**Software**" means (a) all of the information with which this agreement is provided, including but not limited to: (i) all software files and other computer information; (ii) any proprietary scripting logic embedded within exported file formats (iii) images, sounds, clip art, video and other works bundled with Stellar software or made available by Stellar on Stellar's website for use with the Stellar software and not obtained from Stellar through a separate service (unless otherwise noted within that service) or from another party ("Content Files"); (iv) related explanatory written materials and files ("Documentation"); and (v) any modified versions and copies of, and upgrades, updates, and additions to, such information, provided to Customer by Stellar at any time, to the extent not provided under separate terms (collectively, "Updates").

2. LICENSE GRANT; PROPRIETARY RIGHTS.

Right to use the Software: Subject to the terms and conditions of this Agreement, Stellar grants Customer a non-exclusive, non-transferable right, revocable and limited license to access and use the Software and Documentation on a single computer or workstation in a single location for your personal purposes (if you are a consumer) or your internal business purposes (if you are a business user) subject to the terms stated below. Customer must use the Technician License if using the software to provide professional or paid service to a third party (individual or company) and / or for any commercial purposes.

SINGLE USER LICENSE. The term means a SOFTWARE that may be installed and used only by a single USER on a single computer at any one time. Consequently, the SOFTWARE must not be installed, displayed, shared or used concurrently from the computer or on distinct computers. Single User License is granted to customer who is using STANDARD, PROFESSIONAL, PREMIUM or CORPORATE Edition of the Software.

MULTIPLE USER LICENSE. The term means a SOFTWARE that may be installed and used by a specified number of USERS representing an equivalent number of computers. The SOFTWARE must not be installed, displayed, shared or used from or on a number of computers greater than the number of workstations authorized. Multiple User License are associated with Technician & Toolkit Edition of the Software. MAXIMUM Installation and usage limit of this License in on 3 Computers.

3. LICENSE TYPES.

3.1. Evaluation Software/Trial version: The Software is provided with or without License key which can be downloaded for free from Stellar's website. The Software may only be installed and used on Permitted Number of Compatible Computers during the License Term for demonstration, evaluation, and training purposes only. Evaluation Software or Trial version of the Software may be freely distributed, if the distribution package is not modified. No person or company may charge a fee for the distribution of trial version without written permission from the copyright holder.

3.2. Subscription License: For the Software available on a subscription-basis ("Subscription License"), Customer may install and use the Subscription License only on the Permitted Number of Compatible Computer during the License Term Period. Subject to the Permitted Number of Computers for the Subscription License, Customer agrees that Stellar may change the type of Software (such as specific components, versions, platforms, languages, etc.) included in the Subscription License at any time and shall not be liable to the Customer whatsoever for such change. Ongoing access to a Subscription License requires a recurring Internet connection to activate, renew, and validate the license. If Stellar does not receive the recurring subscription payment or cannot validate the license periodically, then the Software may become inactive without additional notice until Stellar receives the payment or validates the license.

3.3. Lifetime License: Once registered, user is granted an exclusive license to use the Software for maximum period of 10 years on the same computer with same configuration and operating system which is compatible with the software. If the computer hardware or software is changed during the lifetime of the license which is not compatible with the original purchased version; then user may need to additionally purchase the upgraded version of the software.

4. SOFTWARE SUPPORT.

Support will only be provided to only license customer for a period of 1 Year from the date of purchase. Queries regarding the installation and use of the software should be submitted by e-mail which get responded usually within 24 Business Hours. Free Technical Support is provided for 1 Year from the date of purchase, if your license term is greater than 1 year then you may avail Technical Support by paying additional fee applicable at that time. Paid support can be purchased for Lifetime License only up to a maximum period of next 2 years. Stellar will not assist customers for any support request related to the Software after 3 years from the purchase of the software.

5. INTELLECTUAL PROPERTY OWNERSHIP.

The Software and any authorized copies that Customer makes are the intellectual property of and are owned by Stellar.

The structure, organization, and source code of the Software are the valuable trade secrets and confidential information of Stellar Information Technology Pvt. Ltd. The Software is protected by law, including but not limited to the copyright laws of the United States and other countries, and by international treaty provisions. Except as expressly stated herein, this agreement does not grant Customer any intellectual property rights in the Software. All rights not expressly granted are reserved by Stellar.

6. RESTRICTIONS & REQUIREMENTS.

6.1 Proprietary Notices. Any permitted copy of the Software (including without limitation Documentation) that Customer makes must contain the same copyright and other proprietary notices that appear on or in the Software.

6.2 Use Obligations. Customer agrees that it will not use the Software other than as permitted by this agreement and that it will not use the Software in a manner inconsistent with its design or Documentation.

6.3 No Modifications. Customer shall not modify, adapt, tamper with, translate or create Derivative Works of the Software or the Documentation; combine or merge any part of the Software or Documentation with or into any other software or documentation; or refer to or otherwise use the Software as part of any effort to develop software (including any routine, script, code, or program) having any functional attributes, visual expressions or other features similar to those of the Software to compete with Stellar; except with Stellar's prior written permission, publish any performance or benchmark tests or analysis relating to the Software;

6.4 No Reverse Engineering. Customer shall not reverse engineer, decompile, disassemble, or otherwise attempt to discover the source code of the Software.

6.5 No Unbundling. The Software may include various applications and components, may allow access to different Stellar Online Channels, may support multiple platforms and languages, and may be provided to Customer on multiple media or in multiple copies. Nonetheless, the Software is designed and provided to Customer as a single product to be used as a single product on Computers as permitted herein. Unless otherwise permitted in the Documentation, Customer is not required to install all component parts of the Software, but Customer shall not unbundle the component parts of the Software for use on different Computers.

6.6 Customer will not remove, erase, obscure or tamper with any copyright or any other product identification or proprietary rights notices, seal or instructional label printed or stamped on, affixed to, or encoded or recorded in or on any Software or Documentation; or fail to preserve all copyright and other proprietary notices in all copies Company makes of the Software and Documentation;

6.7 Customer will not run or operate the Software in a cloud, Internet-based computing or similar on-demand computing environment unless Company's Grant Letter or the applicable Product Entitlement Definitions specifically allows the use.

6.8 No Transfer. Customer will not rent, lease, sell, sublicense, assign, or transfer its rights in the software (including without limitation, software obtained through a web download), or authorize any portion of the software to be copied onto another individual or legal entity's computer except as may be expressly permitted herein.

7. COPYRIGHT/OWNERSHIP.

Customer acknowledges that all intellectual property rights in the Software and the Documentation anywhere in the world belong to, or are licensed to Stellar. The rights granted to you in the Software are licensed (not sold), and you have no rights in, or to, the Software or the Documentation other than the right to use them in accordance with the terms of this License. The Software, its source code and Documentation are proprietary products of Stellar Information Technology Pvt. Ltd. ("Stellar") to provide the License and are protected by copyright and other intellectual property laws. Stellar shall at all times retain all rights, title, interest, including intellectual property rights, in the Software or Documentation.

8. WARRANTIES.

The licensed software (excluding the media on which it is distributed) and all Stellar related websites and services are provided to licensee 'AS IS' and "AS AVAILABLE," and Stellar and its suppliers and licensors make NO WARRANTY as to their use or performance. Stellar and its suppliers and licensors make NO WARRANTIES OR REPRESENTATIONS (express or implied, whether by statute, common law, custom, usage, or otherwise) as to any matter including without limitation to quality, availability, performance or functionality of the licensed software or any related Stellar websites or services; quality or accuracy of any information obtained from or available through use of the licensed software or related Stellar websites or services; any representation or warranty that the use of the licensed software or any related Stellar websites or services will be uninterrupted or always available (whether due to internet failure or otherwise), error-free, free of viruses or other harmful components or operate on or with any particular hardware, platform or software; non-infringement of third-party rights, merchantability, integration, satisfactory quality, or fitness for any particular purpose, except for, and only to the extent, that a warranty may not be excluded or limited by applicable law in licensee's jurisdiction.

9. DATA PROTECTION.

You understand that by using the Licensed Software, you consent and agree to the collection and use of certain information about you and your use of the Licensed Software in accordance with Stellar's Privacy Policy. You further consent and agree that Stellar may collect, use, transmit, process and maintain information related to your Account, and any devices or computers registered thereunder, for purposes of providing the Licensed Software, and any features therein, to you. Information collected by Stellar when you use the Licensed Software may also include technical or diagnostic information related to your use that may be used by Stellar to support, improve and enhance Stellar's products and services. For more information please read our full privacy policy at "<https://www.stellarinfo.com>", on the section Privacy Policy. You further understand and agree that this information may be transferred to the United States, India and/or other countries for storage, processing and use by Stellar, its affiliates, and/or their service providers. You hereby agree and consent to Stellar's and its partners' and licensors' collection, use, transmission, processing and maintenance of such location and account data to provide and improve such features or services.

10. INTERNET CONNECTIVITY & PRIVACY.

10.1 Automatic Connections to the Internet. The Software may cause Customer's Computer, without notice, to automatically connect to the Internet and to communicate with Stellar website or Stellar domain for purposes such as license validation and providing Customer with additional information, features, or functionality. Unless otherwise specified in Sections 10.2 through 10.5, the following provisions apply to all automatic Internet connections by the Software:

10.1.1 Whenever the Software makes an Internet connection and communicates with a Stellar website, whether automatically or due to explicit user request, the Privacy Policy shall apply. Stellar Privacy Policy allows tracking of website visits and it addresses in detail the topic of tracking and use of cookies, web beacons, and similar devices.

10.1.2 Whenever the Software connects to Stellar over the Internet, certain Customer information is collected and transmitted by the Software to Stellar pursuant to the Stellar Online Privacy Policy available at <https://www.stellarinfo.com/> under Privacy Policy section.

10.1.3 If Customer accesses Stellar Online Service or activates or registers the Software, then additional information such as Customer's ID, user name, and password may be transmitted to and stored by Stellar pursuant to the Privacy Policy and additional terms of use related to such Stellar Online Service.

10.1.4 Stellar, unless barred under applicable law, may (a) send Customer transactional messages to facilitate the Stellar Online Service or the activation or registration of the Software or Stellar Online Service, or (b) deliver in-product marketing to provide information about the Software and other Stellar products and Services using information including but not limited to platform version, version of the Software, license status, and language.

10.2 **Updating.** The Software may cause Customer's Computer, without additional notice, to automatically connect to the Internet (intermittently or on a regular basis) to (a) check for Updates that are available for download to and installation on the Computer and (b) notify Stellar of the results of installation attempts.

10.3 **Activation.** The Software may require Customer to (a) obtain Stellar Software Activation Key, (b) activate or reactivate the Software, (c) register the software, or (d) validate the Ownership. Such requirement may cause Customer's Computer to connect to the Internet without notice on install, on launch, and on a regular basis thereafter. Once connected, the Software will collect and transmit information to Stellar. Software or Customer may also receive information from Stellar related to Customer's license, subscription, or Ownership. Stellar may use such information to detect or prevent fraudulent or unauthorized use not in accordance with a valid license, subscription, or Ownership. Failure to activate or register the Software, validate the subscription or Ownership, or a determination by Stellar of fraudulent or unauthorized use of the Software may result in reduced functionality, inoperability of the Software, or a termination or suspension of the subscription or Ownership.

10.4 **Use of Online Services.** The Software may cause Customer's Computer, without additional notice and on an intermittent or regular basis, to automatically connect to the Internet to facilitate Customer's access to content and services that are provided by Stellar or third parties. In addition, the Software may, without additional notice, automatically connect to the Internet to update downloadable materials from these online services so as to provide immediate availability of these services even when Customer is offline.

10.5 **Digital Certificates.** The Software uses digital certificates to help Customer identify downloaded files (e.g., applications and/or content) and the publishers of those files. For example, Stellar uses digital certificates to help Customer identify the publisher of Stellar applications. Customer's Computer may connect to the Internet at the time of validation of a digital certificate.

11. LIMITATION OF LIABILITY

In no event shall Stellar or its suppliers be liable for any special, incidental, indirect, or consequential damages whatsoever (including, without limitation, damages for loss of business profits, business interruption, loss of business information, or

any other pecuniary loss) arising out of the use of or inability to use the software product or the provision of or failure to provide support services, even if Stellar has been advised of the possibility of such damages. In any case, Stellar's entire liability under any provision shall be limited to the amount actually paid by you for the software product or a sum of US Dollars Five whichever is higher.

12. TERMINATION

If Customer breaches this EULA, and fails to cure any breach within 30 calendar days after request from Stellar, Stellar may terminate this EULA, whereupon all rights granted to Customer shall immediately cease including but not limited to the license granted to the customer to use the software which shall also stand revoked. Furthermore, upon termination, Customer shall return to Stellar all copies of the Licensed Software, or verify in writing that all copies of the Licensed Software have been destroyed and failure of the customer to do so would entitle Stellar to sue for relief in equity and damages.

13. JURISDICTION AND LAW

13.1 This EULA is subject to, and will be governed by and construed in accordance with the substantive laws applicable to the state of Delhi (India). Courts at Delhi, India alone shall have the jurisdiction to entertain any dispute arising out of the terms and conditions of this EULA and you consent to such jurisdiction of the courts at Delhi, India.

13.2 This EULA will not be governed by the conflict of law rules of any jurisdiction, or the United Nations Convention on Contracts for the International Sale of Goods, the application of which is expressly excluded.

14. GENERAL

14.1 This License is the complete statement of the agreement between the parties on the subject matter and merges and supersedes all other or prior understandings, purchase orders, agreements and arrangements.

14.2 The exclusions of warranties and liability limitations shall survive the termination of this EULA, howsoever caused; but this survival shall not imply or create any continued right to use the Licensed Software after termination of this EULA.

14.3 Licensee shall not ship, transfer, or export Licensed Software into any country or use Licensed Software in any manner prohibited by the applicable export control laws, notably where applicable, the United States Export Administration Act, restrictions, or regulations (collectively the 'Export Laws'.) All rights to use the Licensed Software are granted on condition that Licensee complies with the Export Laws, and all such rights are forfeited if Licensee fails to comply with the Export Laws.

14.4 Stellar reserves all rights not expressly granted to Licensee by this EULA All rights are reserved under the copyright laws of India and/or of other countries, to Stellar Information Technology Pvt Ltd, having its registered office at 205, Skipper Corner, 88, Nehru Place, New Delhi, India 110019.

14.5 There are no third party beneficiaries of any promises, obligations or representations made by Stellar herein.

14.6 Any waiver by Stellar of any violation of this License by you shall not constitute nor contribute to a waiver by Stellar of any other or future violation of the same provision or any other provision of this License.

14.7 This EULA constitutes the entire agreement between you and Stellar and it supersedes all prior or contemporaneous representations, discussions, undertakings, communications, agreements, arrangements, advertisements, and understandings regulating the Licensed Software. This EULA is binding on and made for the benefit of the parties and their successors and permitted assigns.

14.8 This EULA may only be modified, supplemented or amended by a writing signed by an authorized officer of Stellar.

1.5. About Stellar

stellar

is the world's foremost Data Care Corporation, with expertise in Data Recovery, Data Erasure, Mailbox Conversion, and File Repair software and services. Stellar has been in existence from past 25+ years and is a customer-centric, critically acclaimed, global data recovery, data migration & erasure solutions provider with cost-effective solutions available for large corporate, SMEs & Home Users.

Stellar has a strong presence across USA, Europe & Asia.

Product Line:

Stellar provides a wide range of Do It Yourself (DIY) Software for Consumer as well as Software for Businesses:

Data Recovery

The widest range of data recovery software that helps you recover your valued data lost after accidental format, virus problems, software malfunction, file/directory deletion, or even sabotage!

File Repair

The most comprehensive range of file repair software for Windows, Mac and Linux. Recover your files, which have been infected by viruses, malwares or have been damaged by improper shutdown and other corruption-related issues.

Data Erasure

Best software for IT assets disposition. Secure and erase variety of storage media and files from PC/Laptop, Servers, Rack Drives or Mobile devices. Data once erased cannot be recovered by using any data recovery software or service.

Email Repair & Converter

Robust applications to restore inaccessible mailboxes of MS Exchange, Outlook, AppleMail, Thunderbird, Eudora, Spicebird, Entourage, and Pocomail mailbox. Also, tools to convert mailboxes and database files from one format to another.

Database Repair

Professional and reliable software to repair corrupt or damaged database for Microsoft SQL Server, QuickBooks®, Microsoft Access, SQLite and many more.

Email Backup Tools

Fully featured backup utilities that provides a comprehensive solution in case of any disaster. These software facilitates taking back up of all your mails, contacts, tasks, notes, calendar entries, journals etc. with full & incremental backup options.

Photo and Video Tools

Professional tools to rebuild damaged or corrupt photos, videos, audios, and other multimedia files, from Window and Mac systems.

Recover files from hard drives, memory cards, iPods, USB flash drives, digital cameras, IBM Micro Drives and more.

Utility Tools

A range of utility software such as SpeedUp Mac, Drive Clone and Partition Manager for Mac systems as well as Password Recovery for Windows and Password Recovery for Windows Server based systems

Stellar Toolkits

Stellar also provides toolkits that are combination of Powerful Tools Designed for Data Recovery, File repair, Mailbox repair and File Conversion. All in one power packed toolkits to meet the need of every business.

For more information about us, please visit www.stellarinfo.com

2.1. Installation Procedure

Before beginning the installation procedure, make sure that the computer meets the minimum system requirements.

Minimum System Requirements:

Processor: Intel Pentium Class

RAM: 2 GB minimum (4 GB recommended)

Hard Disk: At least 250 MB of free disk space

Operating system: Windows 10 / 8.1 / 8 / 7

To install the software, follow the steps:

1. Double-click **StellarRepairforSQLite.exe**. **Setup** dialog box is displayed.
2. Click **Next** to continue. **License Agreement** dialog box is displayed.
3. Select **I accept the Agreement** option. Click **Next**.
4. Specify the location where the installation files are to be stored. Click **Next**.
5. Select the folder where the files are to be stored. A default folder is suggested in the box. Click **Browse** to select a different location. Click **Next**.
6. In the **Select Additional Tasks** dialog box, select check boxes as per your choice. Click **Next**.
7. Review your selections. Click **Back** if you want to make any change. Click **Install** to start installation. The Installing window shows the installation process.
8. After completion of the process, **Completing the Stellar Repair for SQLite Setup Wizard** window opens. Click **Finish**.

Note: Clear **Launch Stellar Repair for SQLite** check box to prevent the software from launching automatically.

2.2. Launching the Software

To launch Stellar Repair for SQLite in Windows 10:

- Click **Start** icon -> **All apps** -> **Stellar Repair for SQLite** -> **Stellar Repair for SQLite** Or,
- Double click **Stellar Repair for SQLite** icon on the desktop. Or,
- Click **Stellar Repair for SQLite** tile on the home screen.

To launch Stellar Repair for SQLite in Windows 8.1 / 8:

- Click **Stellar Repair for SQLite** tile on the home screen. Or,
- Double click **Stellar Repair for SQLite** icon on the desktop.

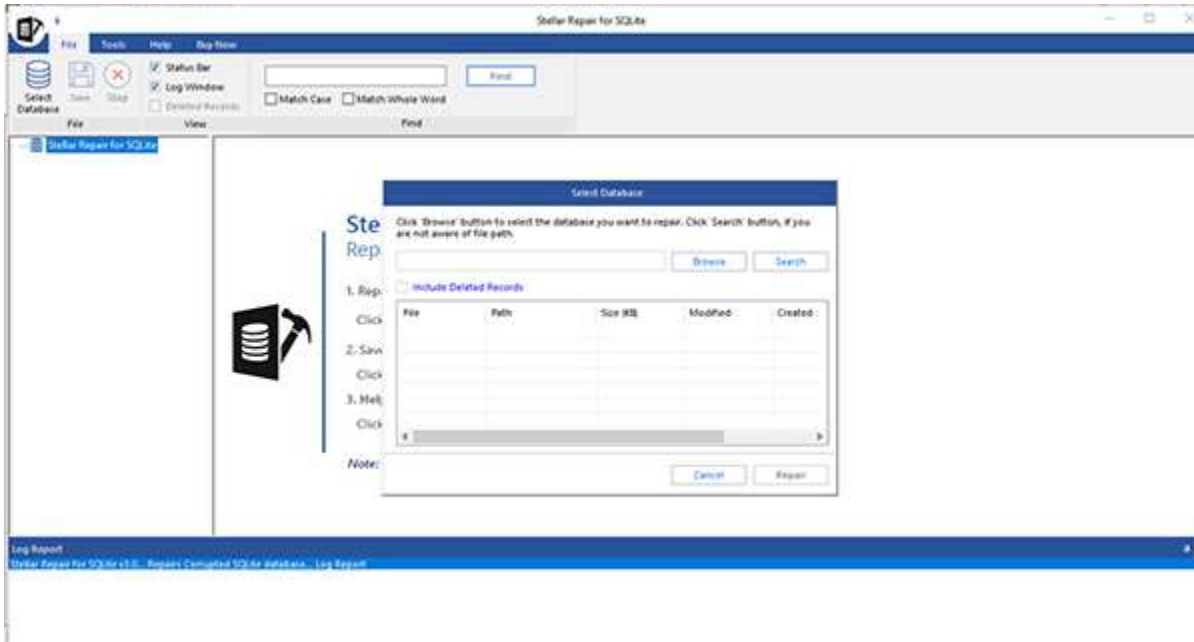

To launch Stellar Repair for SQLite in Windows 7:

- Click **Start** -> **All Programs** -> **Stellar Repair for SQLite** -> **Stellar Repair for SQLite**. Or,
- Double click the **Stellar Repair for SQLite** icon on the desktop. Or,
- Click **Stellar Repair for SQLite** icon in Quick launch.

2.3. User Interface

Stellar Repair for SQLite software has a very easy to use Graphical User Interface. The user interface contains features required for complete repairing of corrupt SQLite database db, sqlite, db3 and sqlite3 files.

After launching the program, you will see the main user interface as shown below:

The user interface contains Ribbons and Buttons that lets you access various features of the software with ease.

2.3.1. Ribbons

File Ribbon

Select Database

Use this option to select the corrupt SQLite database for repairing.

Save

Use this option to save the repaired SQLite database.

Stop

Use this option to stop the current process.

View

Use this option to view or hide the **Status Bar** and **Log Window**.

Deleted Records

Select this check box to show or hide deleted records in the tree view (if found) during the repairing process.

Find

Use this option to search a specific item in a tree.

File Ribbon

Tools Ribbon

Save Log

Use this option to save the log report.

Clear Log

Use this option to clear the log report.

Update

Use this option to update the software.

Tools Ribbon

Help Ribbon

Help Topics

Software is accompanied by a descriptive help document. Use this option to view the help manual for the software.

Support

In case you don't find any related content in the help document or on the knowledgebase page that resolves your query, use this option view the support page of stellarinfo.com and contact the Stellar customer support.

Knowledge Base

Frequently asked questions and other common queries are available as knowledgebase for your reference and to help you use the software to get the best outcome. Use this option to visit Knowledge Base articles of stellarinfo.com

About

Use this option to read more information about the software.

Help Ribbon

Buy Now Ribbon

Buy Online

Use this option to buy **Stellar Repair for SQLite**.

Activation

You can repair corrupt or damaged db, sqlite, db3 and sqlite3 files to repaired as much data as possible using the trial version of the software. To save the recovered data, you need to purchase and activate it. Use this option to activate the software after the successful purchase.

Buy Now Ribbon

2.3.2. Buttons

Click this button to open **Select Database** dialog box.

Click this button to save the repaired SQLite database.

Click this button to stop the repairing and saving process.

Click this button to save the log report.

Click this button to clear the log report.

Click this button to update your software. Use this option to check for both, major and minor versions of the software.

Click this button to open the help manual for **Stellar Repair for SQLite**.

Click this button to visit the support section of stellarinfo.com

Click this button to visit the Knowledgebase articles of stellarinfo.com

Click this button to read more information about the software.

Click this button to purchase the software.

Click this button to activate the software after purchasing.

2.4. Ordering the Software

Click <http://www.stellarinfo.com/sqlite-repair.php> to know more about **Stellar Repair for SQLite**.

To purchase the software online, please visit <http://www.stellarinfo.com/database-recovery/sqlite-repair/buy-now.php>

Alternatively, click on **Buy Online** in **Buy Now** ribbon to purchase the software online.

Select either of the methods given above to purchase the software.

Once the order is confirmed, an **Activation Key** will be sent to you through e-mail, which would be required to activate the software.

2.5. Activating the Software

The demo version is just for evaluation purpose and must be eventually activated to use the full functionality of the software. The software can be activated using the Activation Key which you will receive via email after purchasing the software.

To activate the software:

1. Run demo version of **Stellar Repair for SQLite** software.
2. On the main user interface, click the **Activation** button in **Buy Now** ribbon icon. The **Activation** dialog is displayed as shown below:

The screenshot shows a dialog box titled "Activation". It contains the following elements:

- Header: "Activation"
- Text: "Enter Activation key to activate the product."
- Input field: A text box for entering the activation key.
- Buttons: "Activate" and "Cancel" buttons.
- Text: "The activation key will be in your email."
- Link: "I don't have the Activation Key" with a blue "Get it now" button next to it.

3. If you don't have the activation key, click **Get it now** button in the window to go online and purchase the product.
4. Once the order is confirmed, an Activation Key gets sent to the email provided.
5. Type the **Activation Key** (received through email after purchasing the product) and click **Activate** button (**Please ensure that you have an active Internet connection**).
6. The software would automatically communicate with the license server to verify the entered key. If the key you entered is valid, the software will be activated successfully.
7. '**Activation Completed Successfully**' message is displayed after the process gets completed successfully. Click **OK**

2.6. Updating the Software

There are periodical software updates for **Stellar Repair for SQLite**. Using the update option, you can check for both the latest minor and major version available online. You can easily download the minor and major version through the update wizard. While updating the software, it's recommended to close all the running programs.

To check automatically:

1. Run **Stellar Repair for SQLite**, Update window is displayed along with the main user interface.
2. To download the latest version, click **Update** button. It may take few seconds to minutes to download the files. Once completed, '**Update successfully installed**' message appears.
3. Click **OK**.

To check manually:

1. Run **Stellar Repair for SQLite** software.
2. Select **Update** from **Tools** Ribbon.
3. **Update** window pops up.
4. The wizard will start searching for the latest updates and if it finds any new version, a window will pop up indicating the availability an update.
5. Click **Next** and the software will start downloading update files from the server. When the process is complete, the software will updated to the latest version.

Note : Uncheck the checkbox '**check updates at startup**' not to view this update message again when you open the **Stellar Repair for SQLite** application.

Live Update may not happen due to following reasons:

- Internet connection failure
- Unable to download configuration files
- Unable to locate updated files or version
- Unable to locate executable file

3. Working with the Software

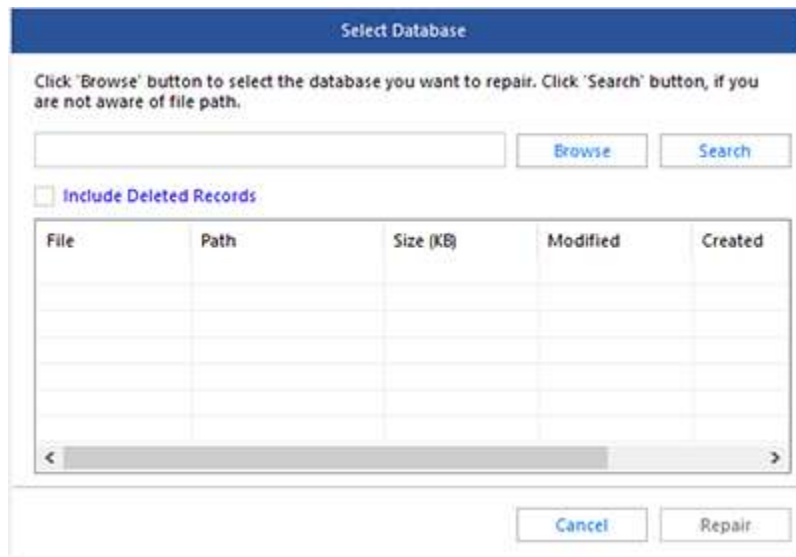

- 3.1. Select and Repair SQLite Database File
- 3.2. Preview and Save SQLite Database File
- 3.3. Find Specific Item In Tree
- 3.4. Save Log Report

3.1. Select and Repair SQLite Database File

Stellar Repair for SQLite allows you to select SQLite database db, sqlite, db3 and sqlite3 files from your computer for the repairing process. You can use the Search option to search the file, if you do not know the exact location. After selecting, **Stellar Repair for SQLite** repairs the database and provides a preview of the database content.

To browse and select db, sqlite, db3 and sqlite3 files, follow the steps given below:

1. Open **Select Database** dialog box by clicking **Select Database** icon from **File** ribbon.
2. In **Select Database** dialog box, click **Browse**.

3. **Open** dialog box will appear. **Browse** and select the desired file and then click **Open**.
4. If you want to repair the deleted records, select '**Include Deleted Records**' check box.
5. Click **Repair** button to start the repairing process.
6. After the completion of repairing process, a message appears indicating the successful completion of the process.

Stellar Repair for SQLite allows you to search for SQLite database db, sqlite, db3 and sqlite3 files in your computer. Using **Search** option, you can search for SQLite database files in your computer's drives and subfolders. However, you can only select one drive at a time to search for SQLite database files.

To find db, sqlite, db3 and sqlite3 files from your computer, follow the steps given below:

1. Open **Select Database** dialog box by clicking **Select Database** icon from **File Ribbon**.
2. Click **Search** and select the drive or folder you want to search for db, sqlite, db3 and sqlite3 files. Click **OK**.
3. After the search is finished, **Search Completed** dialog box appears, showing you the number of SQLite database found. Click **OK**.
4. A list of SQLite database files found in the selected drive or folder is shown. Select the file you wish to repair from this list.

Note: Click **Clear List** button if you wish to clear the search result.

5. If you want to repair the deleted records, select '**Include Deleted Records**' check box.
6. Click **Repair** button to start the repairing process.
7. After the completion of repairing process, a message appears indicating the successful completion of the process.

Select Database

Click 'Browse' button to select the database you want to repair. Click 'Search' button, if you are not aware of file path.

3.2. Preview and Save SQLite Database (DB / SQLITE) File

After you complete the repairing process successfully, **Stellar Repair for SQLite** shows preview of corrupted database files. The left pane displays list of items (Tables, Views, Triggers and Indexes) of the file in a tree like structure, upper right pane displays content of selected items and bottom pane shows the log report as shown in the figure given below:

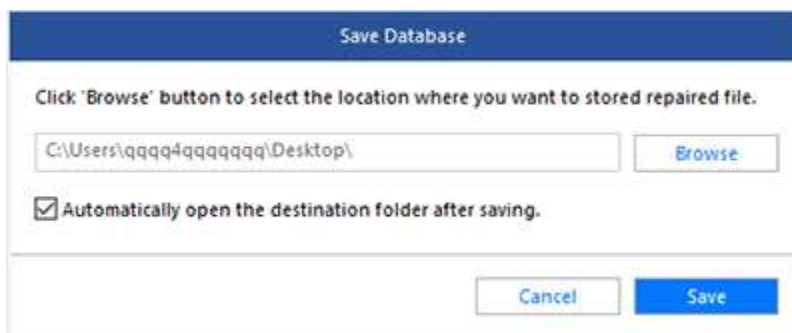

By default, all the checkboxes are selected. To preview content of an item, click on it in the tree view in left pane.

To save the repaired SQLite database file:

- After the repairing process gets completed, click **Save** option from **File** ribbon.
- **Save Database** dialog box will open. Click **Browse** and select a destination for saving the repaired file and click **OK**.
- Click **Save** to save the repaired SQLite database file. The file will be saved in the same format.

For instance, if you have selected **.db** extension file then the file will be saved in **.db** format only. Likewise with other formats.

- If you do not want to open the destination folder automatically after the saving process is completed, un-check the **"Automatically open the destination folder after saving."** check-box.

- **Save Complete** dialog box appears after the process is completed successfully. Click **OK**.

Save Complete

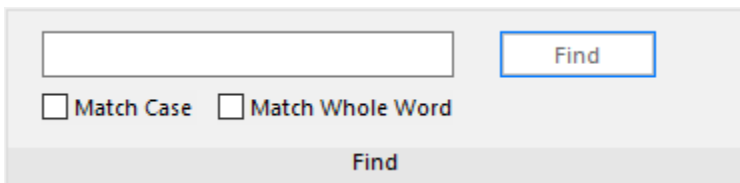

File saved at the desired path.

OK

3.3. Find Specific Item In Tree

Stellar Repair for SQLite gives option to find particular items in tree view. After completion of repairing process, a search bar along with the preview window appears as shown below:

The image shows a search interface with a text input field, a 'Find' button, and two checkboxes: 'Match Case' and 'Match Whole Word'. A 'Find' button is also located at the bottom of the interface.

To find a particular item, enter its name in **Find Tree Item** text box and click **Find** button. If that item is present in the database, it is highlighted in tree. Use back  and forward  button to traverse in the tree.

To narrow down the search result, you can select **Match case** or **Match whole word** check box.

3.4. Save Log Report

With **Stellar Repair for SQLite**, you can save the Log Report to analyze the repairing process at a later stage. You can view log of the process at the bottom of the user interface. If this pane is not visible, you can enable it by selecting the **Log Window** checkbox in **View** section of **File** ribbon.

To save log report:

- From **Tools Ribbon**, select **Save Log**.
- In **Save As** dialog box, select the location where you want to save the log report. Click **Save**.

To clear log report:

- From **Tools Ribbon**, select **Clear Log**.

4. FAQs

1. What does the Stellar Repair for SQLite do?

The software repairs the corrupt or damaged SQLite database db, sqlite, db3 and sqlite3 files. The software never deletes or modifies original data and even heavily damaged files can be optimally repaired. It is the one database, which is zero-configured, that means like other database you do not need to configure it in your system.

2. What does the demo version of the software do?

Demo version of the software only shows the preview of db, sqlite, db3 and sqlite3 files. To repair corrupt db, sqlite, db3 and sqlite3 files, you need to buy and activate the software.

3. Why is it necessary to perform repair process on the copy of database?

This is because **Stellar Repair for SQLite** will not be able to run if the database is in used by SQLite.

4. Can we repair tables in a db, sqlite, db3 and sqlite3 file selectively?

Yes, you can repair single or multiple tables. Simply select desired tables in tree view and start repair process.

5. How can Stellar Repair for SQLite help us search for the location of db, sqlite, db3 and sqlite3 files in the computer?

You can search for db, sqlite, db3 and sqlite3 files in the computer using **Search** option of the software. For more details, please refer Select and Repair SQLite Database File topic of the help manual.

6. I want to locate an item in the database db, sqlite, db3 and sqlite3 files. Is there any way I can do this using the software?

Yes, after repairing the db, sqlite, db3 and sqlite3 files, the software gives you option to find items in tree view. Use Find option from the ribbon on top to locate desired item in tree view.

7. How can we view process log?

You can view log of the process at the bottom of the user interface. If this pane is not visible, you can enable it by selecting the **Log Window** checkbox in **View** section of **File** ribbon.

8. Can we save process log?

Yes, **Stellar Repair for SQLite** gives you option to save log report of the process.

To save log report:

- From **Tools** ribbon, click **Save Log**.
- In **Save As** dialog box, select the location where you want to save the log report. Click **Save**.

9. How much time Stellar Repair for SQLite will take to scan and repair corrupt/damaged SQLite database?

The time taken in scanning and recovering database is depends upon the size of database file and no. of records in a single table.

10. Can we recovered deleted records?

Yes, **Stellar Repair for SQLite** provides you option to repair deleted records. To do this, select the **Include Deleted Records** checkbox in **Select Database** dialog box.
